

Level 2 Commercial Laundry Operative End-Point Assessment

As part of Skills and Education Group Awards, we specialise in End-point assessments for the fashion and textiles sectors. Our experience with the standards for these industries means we know exactly what employers and apprentices need. We make the assessment process clear, easy to use and responsive, ensuring that employers and apprentices are fully supported throughout.

About the End-point assessment

Commercial laundry operatives conduct laundry processes in line with product and customer requirements. They classify incoming textile products for laundry processing, complete cleaning processes, dry and finish products, and prepare them for customers. The industry increasingly uses a high level of technology, which operatives use. They also contribute to quality assurance and maintaining the workplace environment.

Fee

£720

Maximum Funding

£6000

Get in touch to find out more

For further information on registering your apprentices on this end-point assessment, contact our team by email or by calling 0115 854 1620.

Gateway Requirements

Apprentices will need to achieve the relevant English and mathematics prior to undertaking their End-Point Assessment. From August 2022 people who start a Level 2 apprenticeship without Level 1 English and Maths will no longer need to automatically attempt Level 2 English and Maths tests to complete their apprenticeship.

A Portfolio of Evidence must be submitted, which underpins the Interview assessment component.

Typical duration to Gateway: 12 months.

The Assessment

The apprentice will be assessed against the Commercial Laundry Operative requirements. The three methods of assessment are:

- Interview underpinned by a portfolio of evidence
- Multiple-choice test
- Observations with questions

Skills and Education Group Awards is the End-point Assessment Organisation (EPAO) that is approved and registered with the Education and Skills Funding Agency (ESFA) for this apprenticeship. Delivery of this end-point assessment is monitored, on behalf of the Institute for Apprenticeships and Technical Education (IfATE), by the External Quality Assurance Organisation, Ofqual.
