

## **Level 2 Footwear Manufacturer End-Point Assessment**

As part of Skills and Education Group Awards, we specialise in End-point assessments for the fashion and textiles sectors. Our experience with the standards for these industries means we know exactly what employers and apprentices need. We make the assessment process clear, easy to use and responsive, ensuring that employers and apprentices are fully supported throughout.

### **About the End-point assessment**

A footwear manufacturer apprentice is someone who produces children's, ladies' or men's shoes, boots, sports and dance footwear, trainers or slippers within a factory or smaller studio production environment. Footwear manufacturing is a highly respected, skilled trade.

### **Fee**

£900

### **Get in touch to find out more**

For further information on registering your apprentices on this end-point assessment, contact our team by email or by calling 0115 854 1620.

### **Gateway Requirements**

From August 2022 people who start a Level 2 apprenticeship without Level 1 English and maths will no longer need to automatically attempt Level 2 English and Maths tests to complete their apprenticeship.

Apprentices will need to produce a portfolio of evidence that underpins the observation and questioning.

### **The Assessment**

The apprentice will be assessed against the Footwear Manufacturer Assessment Plan requirements. The two methods of assessment are:

- Knowledge test
- Observation and questioning, underpinned by a portfolio of evidence

*Skills and Education Group Awards is the End-point Assessment Organisation (EPAO) that is approved and registered with the Education and Skills Funding Agency (ESFA) for this apprenticeship. Delivery of this end-point assessment is monitored, on behalf of the Institute of Apprenticeships and Technical Education (IfATE), by the External Quality Assurance Organisation, Ofqual.*
