

## Level 2 Sewing Machinist End-Point Assessment

As part of Skills and Education Group Awards, we specialise in End-point assessments for the fashion and textiles sectors. Our experience with the standards for these industries means we know exactly what employers and apprentices need. We make the assessment process clear, easy to use and responsive, ensuring that employers and apprentices are fully supported throughout.

### About the End-point assessment

A sewing machinist apprentice can be employed by a large-, small- or micro-size sewn product manufacturing business. These businesses produce a wide range and variety of products from clothing and fashion items to leather goods, soft furnishing, knitwear, marine and medical textiles. The sewing machinist's role is fundamental to the production process right across this diverse, multi-sector industry.

### Fee

£720

### Get in touch to find out more

For further information on registering your apprentices on this end-point assessment, contact our team by email or by calling 0115 854 1620.

### Gateway Requirements

From August 2022 people who start a Level 2 apprenticeship without Level 1 English and maths will no longer need to automatically attempt Level 2 English and Maths tests to complete their apprenticeship.

### The Assessment

The apprentice will be assessed against the Sewing Machinist Assessment Plan requirements. The three methods of assessment are:

- Practical skills test
- Observation in the workplace
- Interview underpinned by portfolio of evidence

*Skills and Education Group Awards is the End-point Assessment Organisation (EPAO) that is approved and registered with the Education and Skills Funding Agency (ESFA) for this apprenticeship. Delivery of this end-point assessment is monitored, on behalf of the Institute of Apprenticeships and Technical Education (IfATE), by the External Quality Assurance Organisation, Ofqual.*
