

# Level 3 Transport and Warehouse Operations Supervisor End-Point Assessment

As part of Skills and Education Group Awards, we specialise in the automotive sector. Our experience in this industry means we know exactly what employers and apprentices need. We make the assessment process clear, easy to use and responsive, ensuring that employers and apprentices are fully supported throughout.

## About the End-Point assessment

This occupation is found in the Transport and Warehousing sector across a range of different types of organisations and employers, such as hauliers, storage and warehouse operators, couriers, retailers and utilities.

The broad purpose of the occupation is to manage the day-to-day operations involved in supply chain, ensuring activity, personnel and/or vehicles meet customer expectations along with regulatory and legal requirements. The standard has two specialisms: transport supervisor, ensuring the safe and compliant utilisation of all drivers and equipment, and warehouse supervisor, ensuring the provision of a professional incoming goods, storage and dispatch service to customers.
