Aims

The Level 2 Certificate in Practical Animal Care Skills aims to:

- develop practical skills that will support those seeking a career in the animal care industry
- provide knowledge and understanding that could support further study within the animal care sector
- promote and encourage good working practices in relation to safety and the environment

Target Group

This qualification is designed for those learners aged 16 or over who are currently working in the Animal Care Sector, either in paid or unpaid employment, or for learners who wish to progress into employment or further study in the sector.

Assessment

Internal and external assessment, internal and external moderation. Specific requirements and restrictions may apply to individual units within qualifications. Please check unit and qualification details for specific information.

Practice Assessment Material

Skills and Education Group Awards confirm that there is no practice assessment material for this qualification.

Teaching Strategies and Learning Activities

Centres should adopt a delivery approach which supports the development of all individuals. The aims and aspirations of all the learners, including those with identified special needs or learning difficulties/disabilities, should be considered and appropriate support mechanisms put in place.

Progression Opportunities

Learners who achieve this qualification could progress on to the Level 3 Award or Certificate in Practical Animal Care Skills. Alternatively, learners could progress onto the Level 2 or Level 3 Diploma in Work-Based Animal Care; into employment, or gain promotion to a more senior position within existing employment.

Centres should be aware that reasonable adjustments which may be permitted for assessment may in some instances limit a learner's progression into the sector. Centres must, therefore, inform learners of any limits their learning difficulty may impose on future progression.

Tutor/Assessor Requirements

Skills and Education Group Awards require those involved in the teaching and assessment process to be suitably experienced and / or qualified. Assessors should also be trained and qualified to assess or be working towards appropriate qualifications.

Those responsible for Internal Quality Assurance (IQA) must be knowledgeable of the subject/occupational area to a suitable level to carry out accurate quality assurance practices and processes.

Language

This specification and associated assessment materials are in English only.

Prepare Feed for Animals

Unit Reference	L/502/1467
Level	2
Credit Value	2
Guided Learning Hours	15
Unit Summary	The aim and purpose of this unit is to provide the learner with the knowledge and skills required to prepare feed for animals. When preparing feed consideration must be made with regard to personal hygiene and hygienic use of equipment and utensils.
Learning Outcomes (1 to 5) <i>The learner will</i>	Assessment Criteria (1.1 to 5.2) <i>The learner can</i>
1. Be able to prepare feed for animals	<p>1.1. Use correct personal hygiene procedures before and after preparing animal feed</p> <p>1.2. Prepare the correct amount of animal feed according to feeding plans in a way that minimises wastage</p>
2. Be able to work safely and minimise environmental damage	<p>2.1. Work in a way which maintains health and safety and is consistent with current legislation, codes of practice and any additional requirements</p> <p>2.2. Dispose of waste and animal feed safely and correctly</p>
3. Be able to select, use and maintain relevant equipment	<p>3.1. Select appropriate materials and equipment for this area of work</p> <p>3.2. Use the appropriate equipment and utensils in a hygienic way consistent with legal and organisational requirements</p> <p>3.3. Prepare, maintain and store materials and equipment in a safe, hygienic and effective condition</p>
4. Know how to prepare feed for animals	4.1. Describe the importance of personal hygiene and health and safety in preparing animal feed

	<p>4.2. Describe the different types of feed that are available and how to prepare these, covering:</p> <ul style="list-style-type: none"> • fresh • frozen • dried • tinned <p>4.3. Describe any particular precautions that should be taken when preparing different types of feed</p> <p>4.4. Describe the equipment and utensils that are used in preparing and serving animal feed</p> <p>4.5. Describe three situations in which animals may have specific nutritional needs</p>
<p>5. Know relevant health and safety legislation and environmental good practice</p>	<p>5.1. Outline the current health and safety legislation, codes of practice and any additional requirements</p> <p>5.2. Describe the correct methods for disposing of waste and animal feed</p>

Provide Feed and Water to Animals

Unit Reference	D/502/1473
Level	2
Credit Value	3
Guided Learning Hours	23
Unit Summary	The aim and purpose of this unit is to provide the learner with the knowledge and skills required to provide feed and water to animals by selecting the correct feed and supplying clean, fresh water according to the feed plan.
Learning Outcomes (1 to 6) <i>The learner will</i>	Assessment Criteria (1.1 to 6.2) <i>The learner can</i>
1. Be able to provide feed and water to animals	<p>1.1. Select the correct feed according to the animals' feeding plan</p> <p>1.2. Prepare feed correctly and hygienically</p> <p>1.3. Provide feed in a manner which gives each animal the opportunity to obtain its food and maintain its health and welfare</p> <p>1.4. Supply clean, fresh water to the animals according to their needs</p> <p>1.5. Provide clear and accurate information for recording purposes</p>
2. Be able to select, use and maintain relevant equipment	<p>2.1. Select appropriate equipment for this area of work</p> <p>2.2. Prepare, maintain and store equipment in a safe and effective working condition</p>
3. Be able to work safely	<p>3.1. Work in a way which maintains health and safety, animal welfare and is consistent with current legislation, codes of practice and any additional requirements</p> <p>3.2. Dispose of waste safely and correctly</p>

<p>4. Know how to provide feed and water to animals</p>	<p>4.1. Describe the purpose of a feeding plan</p> <p>4.2. Describe different types of feed and feed quality for three different purposes</p> <p>4.3. Outline the importance of providing fresh water to animals</p> <p>4.4. Describe normal feeding and drinking behaviour of animals and how to identify signs of abnormality</p> <p>4.5. Outline correct storage and use of equipment and feedstuffs</p> <p>4.6. Describe potential difficulties and risks that may arise during the feeding process and who to report them to</p> <p>4.7. Identify the types of records required and explain the importance of accurate record keeping</p>
<p>5. Know relevant health and safety legislation</p>	<p>5.1. Outline the current health and safety and animal welfare legislation, codes of practice and any additional requirements</p> <p>5.2. Describe the correct methods for disposing of waste</p>
<p>6. Know the types of equipment required and how to maintain them</p>	<p>6.1. Describe the equipment which will be required for the activity</p> <p>6.2. Describe the methods of cleaning and maintaining the range of equipment hygienically</p>

Prepare and Groom Animals

Unit Reference	L/502/1694
Level	2
Credit Value	4
Guided Learning Hours	30
Unit Summary	<p>The aim of this unit is to provide the learner with the knowledge and skills required to groom animals for their health and welfare. The grooming described in this unit is necessary for maintaining the health and welfare of animals on a day-to-day basis.</p> <p>This unit is designed to be applicable to working with all types of animals that need to be groomed. These may include furred animals such as, cats, rabbits and guinea pigs as well as livestock. A separate specialist unit has been developed for the dog grooming industry</p> <p>The unit does not cover enabling animals to groom themselves as this is covered in a separate unit.</p>
Learning Outcomes (1 to 7) <i>The learner will</i>	Assessment Criteria (1.1 to 7.3) <i>The learner can</i>
1. Be able to assess the animal prior to grooming	<p>1.1. Confirm that the environment and the equipment to be used is clean, ready for use and is secure and safe for both themselves and the animal</p> <p>1.2. Handle animals in a manner that promotes their confidence and co-operation and health and safety of all throughout</p> <p>1.3. Report promptly to the appropriate person when examination of the animal reveals an abnormal condition</p>
2. Be able to prepare and groom animals	<p>2.1. Select and use equipment and materials which is appropriate to the animal and its care requirements</p> <p>2.2. Prepare the animal ready for grooming using the correct techniques and equipment. Preparation to include:</p> <ul style="list-style-type: none"> • remove excess hair, knots and tangles • clean the animal's coat and skin • remove dirt and debris from feet

	<p>2.3. Groom the animal using the correct methods</p> <p>2.4. Observe the condition of the animal during the process and report any changes to the appropriate person</p> <p>2.5. Communicate with others on the animal's care requirements</p> <p>2.6. Keep accurate records on the techniques and materials used to care for the animal</p>
<p>3. Be able to work safely and minimise environmental damage</p>	<p>3.1. Work in a way which maintains health and safety, animal welfare and is consistent with current legislation, codes of practice and any additional requirements</p> <p>3.2. Carry out work in a manner which minimises environmental damage</p> <p>3.3. Dispose of waste safely and correctly</p>
<p>4. Know how to prepare and groom animals</p>	<p>4.1. State why it is important to approach and handle animals in a manner that promotes their confidence, co-operation, health and safety</p> <p>4.2. Describe how the type of animal affects the method of preparing for grooming and the equipment that should be used</p> <p>4.3. Describe how to prepare animals for grooming covering all of the following methods: <ul style="list-style-type: none"> • remove excess hair, knots and tangles • clean the animal's coat and skin • remove dirt and debris from feet </p> <p>4.4. Describe different methods used for grooming the animals</p> <p>4.5. State why particular care is required when working on specific areas of the animal</p> <p>4.6. List the steps that should be taken in the event of accidentally damaging the animal</p> <p>4.7. State why it is important to communicate the</p>

	<p>animals care requirements</p> <p>4.8. Describe the limits of groomer’s role when identifying possible abnormalities and conditions (i.e. not diagnosing) and the importance of referring to a veterinary surgeon</p> <p>4.9. State why it is important to keep accurate records of the care provided to the animal</p>
<p>5. Know how to assess the animal prior to grooming</p>	<p>5.1. Describe the normal signs of health and the signs indicating that the animal should be referred to a veterinary surgeon</p> <p>5.2. Describe basic animal anatomy and physiology sufficient to identify abnormalities</p> <p>5.3. Explain the signs and symptoms of basic skin problems and infestations</p>
<p>6. Know relevant health and safety legislation and environmental good practice</p>	<p>6.1. Outline the current health and safety animal welfare legislation, codes of practice and any additional requirements</p> <p>6.2. Describe how environmental damage can be minimised</p> <p>6.3. Describe the correct methods for disposing of waste</p>
<p>7. Know the types of equipment required and how to maintain them</p>	<p>7.1. Describe the equipment and materials which will be required for the activity</p> <p>7.2. Describe methods of maintaining the range of equipment used</p> <p>7.3. Explain the importance of following manufacturers’ instructions regarding the use of equipment and products, how to correctly interpret these instructions, and the possible consequences of not doing so</p>

Load and Unload Animals for Transportation

Unit Reference	K/502/1492
Level	2
Credit Value	3
Guided Learning Hours	23
Unit Summary	The aim of this unit is to provide the learner with the knowledge and skills needed to load and unload animals for transportation. It includes preparation of the transportation equipment, health and safety, legislation, maintaining the welfare of the animal throughout the process and effective communication.
Learning Outcomes (1 to 6) <i>The learner will</i>	Assessment Criteria (1.1 to 6.1) <i>The learner can</i>
1. Be able to prepare animals and transport	1.1. Communicate effectively with colleagues 1.2. Prepare the correct animals as instructed 1.3. Prepare and make safe the appropriate transportation equipment covering: <ul style="list-style-type: none"> • cleanliness • health and safety • security • removal of hazards
2. Be able to load and unload animals for transportation	2.1. Load and unload the animals as required
3. Be able to work safely	3.1. Work in a way which maintains health and safety, animal welfare and is consistent with relevant legislation, codes of practice and any additional requirements
4. Know how to prepare animals and transport	4.1. Outline how to communicate effectively with colleagues 4.2. Outline how to make the transportation method ready for animals including: cleanliness, health and safety, security and removal of hazards

<p>5. Know how to load and unload animals for transport</p>	<p>5.1. Describe how to prepare, load and unload animals safely and effectively minimising stress to the animal</p> <p>5.2. Describe how to approach, handle and restrain animals correctly minimising stress</p> <p>5.3. State the types of problems which should be reported, when and to whom</p>
<p>6. Know the relevant legislation and codes of practice</p>	<p>6.1. Summarise the relevant legislation and codes of practice relating to health and safety and maintaining the welfare of animals</p>

Establish and Maintain Effective Working Relationships with Others

Unit Reference	T/502/1690
Level	2
Credit Value	2
Guided Learning Hours	15
Unit Summary	<p>The aim of this unit is to provide the learner with the knowledge and skills required to work effectively with others under minimal direction through clear communication and co-operation.</p> <p>The learner will establish and maintain effective working relationships with the colleagues, supervisors and managers, persons external to the team, department or organisation.</p>
Learning Outcomes (1 to 2) <i>The learner will</i>	Assessment Criteria (1.1 to 2.7) <i>The learner can</i>
1. Maintain working relationships with others	<p>1.1. Identify opportunities to improve working practices with the appropriate person</p> <p>1.2. Carry out activities requiring co-operation with others in accordance with required procedures</p> <p>1.3. Communicate with others in a way which promotes effective working relationships</p> <p>1.4. Keep others informed about work plans or activities which affect them</p> <p>1.5. Seek assistance from others without causing undue disruption to normal work activities</p> <p>1.6. Respond in a timely and positive way when others ask for help or information</p>
2. Understand why good working practices are important.	<p>2.1. State why good working relationships are important</p> <p>2.2. Suggest ways in which good working relationships can be maintained</p>

	<p>2.3. State the methods of dealing with disagreements within the workplace</p> <p>2.4. Describe own level of responsibility in relation to dealing with disagreements</p> <p>2.5. State why effective communication is important</p>

Communicate Information within the Workplace

Unit Reference	Y/502/1195
Level	3
Credit Value	2
Guided Learning Hours	13
Unit Summary	The aim of this unit is to provide the learner with the knowledge, understanding and skills required to communicate information within the workplace. It is about maintaining the 'flow' of information internally and externally to the organisation. It will entail passing on messages accurately, receiving and forwarding on information.
Learning Outcomes (1 to 4) <i>The learner will</i>	Assessment Criteria (1.1 to 4.1) <i>The learner can</i>
1. Be able to receive information within the workplace	1.1. Identify information required, timescales and source 1.2. Request information using appropriate methods 1.3. Receive and record information accurately according to organisational requirements
2. Be able to transmit information within the workplace	2.1. Transmit information accurately and timely and using appropriate methods 2.2. Confirm receipt of information
3. Understand how to receive and transmit information within the workplace	3.1. Give examples of when information may be required urgently 3.2. Explain why it is important to take messages accurately and the potential effects of not doing so 3.3. Explain the importance of confirming information and why this should be acknowledged and accurately recorded 3.4. Explain the situations in which confidentiality needs

	to be maintained
4. Understand the relevant legislation in receiving and sending information	4.1. Summarise the legislation which relates to communicating information within the workplace

Maintain the Cleanliness and Bio Security of the Animal Care Working Environment

Unit Reference	T/502/1561
Level	2
Credit Value	5
Guided Learning Hours	38
Unit Summary	<p>The aim of this unit is to provide the learner with the ability to demonstrate the knowledge and skills required to undertake routine cleaning within the workplace and equipment and materials that are used within the course of normal work.</p> <p>Cleaning is a key factor in ensuring health and safety of the people and animals within the workplace and promoting the organisation's image to customers. This unit does not refer to the maintenance of equipment or machinery undertaken by specialist contractors.</p>
Learning Outcomes (1 to 5) <i>The learner will</i>	Assessment Criteria (1.1 to 5.4) <i>The learner can</i>
<p>1. Be able to clean and maintain the work environment</p>	<p>1.1. Carry out the cleaning of equipment in accordance with manufacturer's instructions</p> <p>1.2. Select and use protective clothing, tools, equipment and cleaning materials in accordance with manufacturers'/employers' instructions</p> <p>1.3. Clean at least five of the following areas in the working environment:</p> <ul style="list-style-type: none"> • floors and walls • work tables/benches • washing and drying areas • public areas • animal accommodation • staff facilities <p>1.4. Complete appropriate maintenance checks to identify wear and tear and accurately report to the appropriate person as soon as possible</p> <p>1.5. Leave working areas in an appropriate state for the work to be undertaken</p>

	<p>1.6. Store materials and equipment safely and correctly after use</p> <p>1.7. Ensure that animal welfare, safety and security is maintained at all times during and after cleaning of the work environment</p> <p>1.8. Provide clear and accurate information for recording purposes</p>
<p>2. Be able to work safely and minimise environmental damage</p>	<p>2.1. Work in a way which maintains health and safety, animal welfare and is consistent with current legislation, codes of practice and any additional requirements</p> <p>2.2. Carry out work in a manner which minimises environmental damage</p> <p>2.3. Dispose of waste safely and correctly</p>
<p>3. Know how to clean the work environment</p>	<p>3.1. State what the potential hazards are when cleaning each area of the following work environments:</p> <ul style="list-style-type: none"> • floors and walls • work tables/benches • washing and drying areas • public areas • animal accommodation • staff facilities <p>3.2. Assess the risks and state how they can be minimised with respect to the:</p> <ul style="list-style-type: none"> • animal(s) • work environment • equipment • cleaning materials • others <p>3.3. Describe the selection and use of cleaning materials in different areas of the work environment and explain the need to ensure their correct dilution and the possible effects of not doing so covering:</p> <ul style="list-style-type: none"> • particular fabrics • surfaces • equipment <p>3.4. Describe why cleaning should minimise disruption</p>

	<p>to other staff and to animals</p> <p>3.5. Explain the contribution that good cleaning practices have on customer relations, the image of the organisation and health and bio-security</p>
<p>4. Know how to clean and maintain equipment in the work environment</p>	<p>4.1. Describe which materials, equipment and cleaning methods should be used for cleaning manual and electrical equipment and what protective clothing should be worn</p> <p>4.2. State why cleaning agents should be correctly diluted and the possible effects of not doing this</p> <p>4.3. Explain when sterilisation can be used, the reasons for doing and the potential risks if this is not done correctly</p> <p>4.4. State the frequency with which different items of equipment should be cleaned and maintained</p> <p>4.5. Describe how to recognise potentially hazardous equipment and the potential effects of not reporting it</p> <p>4.6. Explain the reasons of maintaining and storing cleaning materials and equipment safely and correctly</p> <p>4.7. State why it is important to keep accurate records</p> <p>4.8. Describe how cleaning, maintenance and storage of work equipment contributes to bio-security measures</p>
<p>5. Know relevant health and safety legislation and environmental good practice</p>	<p>5.1. Outline the current health and safety and animal welfare legislation, codes of practice and any additional requirements</p> <p>5.2. Describe how environmental damage can be minimised</p> <p>5.3. Describe the correct methods for disposing of waste</p> <p>5.4. Describe the selection and use of Personal Protective Equipment for cleaning the work</p>

Provide Controlled Exercise Opportunities for Animals

Unit Reference	K/502/1556
Level	2
Credit Value	4
Guided Learning Hours	30
Unit Summary	<p>The aim of this unit is to provide the learner with the knowledge and skills to provide controlled opportunities for animals to exercise. It is not designed to cover exercise which applies to animals that are trained for competitive purposes.</p> <p>This unit is designed to be applicable to working with all species of animals that need to exercise.</p>
Learning Outcomes (1 to 9) <i>The learner will</i>	Assessment Criteria (1.1 to 9.1) <i>The learner can</i>
1. Be able to assess opportunities for controlled exercise	<p>1.1. Assess the animals suitability for exercise and their requirements</p> <p>1.2. Assess that the exercise areas is as safe as possible for the animal and the controlled exercise</p>
2. Be able to use equipment properly and safely	<p>2.1. Select, prepare and check appropriate equipment for exercise</p> <p>2.2. Fit equipment properly for the animal and the exercise</p> <p>2.3. Clean equipment after use</p>
3. Be able to provide controlled exercise opportunities for animals	<p>3.1. Prepare the animals for exercise in a manner which allows them to exercise safely and to benefit from the exercise</p> <p>3.2. Provide exercise opportunities which meet the requirements of the animal and its environment</p> <p>3.3. Follow the correct procedures for the animal concerned to maintain health, safety and welfare of the animal:</p> <ul style="list-style-type: none"> • prior to exercise

Work in a way which maintains health and safety and is consistent with relevant legislation animal welfare, codes of practice and any additional requirements</p> <p>4.3. Maintain personal hygiene before, during and after the exercise opportunity</p> <p>4.4. Maintain biosecurity measures to protect yourself, others and other animals</p>
5. Be able to communicate with colleagues and others	<p>5.1. Communicate with colleagues and/or others regarding the exercise requirements and opportunities for the animal</p>
6. Know how to provide controlled exercise opportunities to animals	<p>6.1. Explain the animals' needs for controlled exercise and the reasons for this and the optimum time for exercise</p> <p>6.2. Explain the requirements and benefits of controlled exercise for different animals</p> <p>6.3. State how the need for exercise differs between different animals and the context in which the animal is kept according to: <ul style="list-style-type: none"> • type • time • intensity • stage of life </p> <p>6.4. Describe the reasons for providing animals with different exercise patterns and how these differ at different life stages</p> <p>6.5. State why insufficient or excessive exercise is harmful to animals</p> <p>6.6. Explain why some animals should not be exercised</p>
7. Know what equipment	

<p>should be used to provide controlled exercise opportunities to animals</p>	<p>7.1. Give examples of different equipment that would be used for different exercise opportunities</p> <p>7.2. State why it is important to ensure the correct equipment is used</p> <p>7.3. State why it is important to check, clean and maintain equipment in good order for use in controlled exercise opportunities</p>
<p>8. Know the relevant health and safety legislation and codes of practice</p>	<p>8.1. Outline the current health and safety and animal welfare legislation, codes of practice and any additional requirements affecting the provision of exercise to animals</p> <p>8.2. List the factors affecting the safety of the exercise area where the animal(s) is to be exercised including:</p> <ul style="list-style-type: none"> • other people • the handler • the environment <p>8.3. State the reasons for accurate recording and reporting of the exercise taken</p>

Wear appropriate Personal protective Equipment for the animal and the environment</p> <p>5.3. Maintain personal hygiene before, during and after the exercise opportunity</p> <p>5.4. Maintain bio security measures to protect yourself, others and other animals</p>
<p>6. Be able to communicate with colleagues and others</p>	<p>6.1. Communicate with colleagues and/or others regarding the exercise requirements and opportunities for the animal</p> <p>6.2. Make correct reports of exercise activity promptly to the appropriate people</p>
<p>7. Be able to review exercise opportunity</p>	<p>7.1. Review the exercise opportunity /environment enrichment to see how it meets the animals requirements</p> <p>7.2. Make adjustments to exercise opportunity/environmental enrichment as necessary</p>
<p>8. Know how to provide exercise opportunities to animals</p>	<p>8.1. Describe the animals' natural behaviour and how opportunities can be replicated</p> <p>8.2. State how the need for exercise and environmental enrichment differs between different animals and the context in which the animal is kept including</p>

	<p>their expression of natural behaviour</p> <p>8.3. Describe the reasons for providing animals with different exercise patterns and/or enrichment opportunities and how these differ at different stages of life</p> <p>8.4. State why and when you may consider changing the exercise or enrichment opportunity</p> <p>8.5. Describe how to recognise negative responses to exercise and environment enrichment and what you should do in different situations</p> <p>8.6. Describe how the lack of enrichment opportunities will cause problems in animals</p>
<p>9. Know what equipment should be used to provide controlled exercise opportunities to animals</p>	<p>9.1. Give examples of different equipment that would be used for different exercise opportunities</p> <p>9.2. State why it is important to ensure the correct equipment is used</p> <p>9.3. State why it is important to check, clean and maintain equipment in good order for use in controlled exercise opportunities</p>

Recognition of Prior Learning (RPL), Exemptions, Credit Transfers and Equivalencies

Skills and Education Group Awards policy enables learners to avoid duplication of learning and assessment in a number of ways:

- Recognition of Prior Learning (RPL) – a method of assessment that considers whether a learner can demonstrate that they can meet the assessment requirements for a unit through knowledge, understanding or skills they already possess and do not need to develop through a course of learning.
- Exemption - Exemption applies to any certificated achievement which is deemed to be of equivalent value to a unit within a Skills and Education Group Awards qualification but which does not necessarily share the exact learning outcomes and assessment criteria. It is the assessor's responsibility, in conjunction with the Internal Moderator, to map this previous achievement against the assessment requirements of the Skills and Education Group Awards qualification to be achieved in order to determine its equivalence.

Any queries about the relevance of any certificated evidence, should be referred in the first instance to your centre's internal moderator and then to Skills and Education Group Awards.

It is important to note that there may be restrictions upon a learner's ability to claim exemption or credit transfer which will be dependent upon the currency of the unit/qualification and a learner's existing levels of skill or knowledge.

Where past certification only provides evidence that could be considered for exemption of part of a unit, learners must be able to offer additional evidence of previous or recent learning to supplement their evidence of achievement.

- Credit Transfer – Skills and Education Group Awards may attach credit to a qualification, a unit or a component. Credit transfer is the process of using certificated credits achieved in one qualification and transferring that achievement as a valid contribution to the award of another qualification. Units/Components transferred must share the same learning outcomes and assessment criteria along with the same unit number. Assessors must ensure that they review and verify the evidence through sight of:
 - original certificates OR
 - copies of certificates that have been signed and dated by the internal moderator confirming the photocopy is a real copy and make these available for scrutiny by the External Moderator
- Equivalencies – opportunities to count credits from the unit(s) from other qualifications or from unit(s) submitted by other recognised organisations towards the place of mandatory or optional unit(s) specified in the rule of combination. The unit must have the same credit value or greater than the unit(s) in question and be at the same level or higher.

Skills and Education Group Awards encourages its centres to recognise the previous achievements of learners through Recognition of Prior Learning (RPL), Exemption, Credit Transfer and Equivalencies. Prior achievements may have resulted from past or present employment, previous study or voluntary activities. Centres should provide advice and guidance to the learner on what is appropriate evidence and present that evidence to the external moderator in the usual way.

Further guidance can be found in 'Delivering and Assessing Qualifications' which can be downloaded from the website.

Exemptions

There are no identified exemptions for these qualifications.

Equivalencies

There are no identified equivalencies for these qualifications.

Certification

Learners will be certificated for all units and qualifications that are achieved and claimed.

Skills and Education Group Awards policies and procedures are available on the website.

Glossary of Terms

GL (Guided Learning)

GLH is where the learner participates in education or training under the immediate guidance or supervision of a tutor (or other appropriate provider of education or training). It may be helpful to think – ‘Would I need to plan for a member of staff to be present to give guidance or supervision?’

GLH is calculated at qualification level and not unit/component level.

Examples of Guided Learning include:

- Face-to-face meeting with a tutor
- Telephone conversation with a tutor
- Instant messaging with a tutor
- Taking part in a live webinar
- Classroom-based instruction
- Supervised work
- Taking part in a supervised or invigilated assessment
- The learner is being observed.

TQT (Total Qualification Time)

‘The number of notional hours which represents an estimate of the total amount of time that could reasonably be expected to be required, in order for a learner to achieve and demonstrate the achievement of the level of attainment necessary for the award of a qualification.’ The size of a qualification is determined by the TQT.

TQT is made up of the Guided Learning Hours (GLH) plus all other time taken in preparation, study or any other form of participation in education or training but not under the direct supervision of a lecturer, supervisor or tutor.

TQT is calculated at qualification level and not unit/component level.

Examples of unsupervised activities that could contribute to TQT include:

- Researching a topic and writing a report
- Watching an instructional online video at home/e-learning
- Watching a recorded webinar
- Compiling a portfolio in preparation for assessment
- Completing an unsupervised practical activity or work
- Rehearsing a presentation away from the classroom
- Practising skills unsupervised
- Requesting guidance via email – will not guarantee an immediate response.
