

## Purpose Statement

### ABC Level 2 Certificate in Youth Work Practice (Wales) (601/7774/3)

#### Overview

This qualification is for delivery in Wales. An English version of the qualification is offered by ABC Awards and more information on this qualification can be found on the ABC website.

The Level 2 Certificate in Youth Work Practice (Wales) prepares you to assist in work with young people in a range of youth work settings. Youth work helps young people learn about themselves, others and society, through informal educational activities which combine enjoyment, challenge and learning. Youth workers work typically with young people aged between 11 and 25. Their work seeks to promote young people's personal and social development and enable them to have a voice, influence and place in their communities and society as a whole.

The Level 2 Certificate in Youth Work Practice (Wales) is suitable if you need some support and is the minimum qualification required for those wishing to work as a JNC<sup>1</sup> qualified Youth Support Worker Assistant. This is for employees who assist in the delivery of operational youth work and who undertake duties under direction, where initiative and independent action is limited.

Example of key duties include:

Working directly with young people to develop their social education by providing programmes of activities, services and facilities;

- Establishing contact with and guiding young people as part of local programmes;
- Assisting in the provision of advice and support to local community groups and agencies;
- Assisting in the motivation, retention, developing and support of staff and volunteers;
- Assisting with service development by contributing to planning, delivery and monitoring of local provisions;
- Day to day administration to ensure smooth running of services;
- Implementing equality and diversity policies.

The Level 2 Certificate in Youth Work Practice (Wales) (601/7774/3) replaces the previous Level 2 Certificate (600/0019/3) in the Youth Work Apprenticeship Framework for Wales. The Level 2 Certificate (Wales) is also suitable for learners who are not completing an Apprenticeship. These learners may already be in employment within the Youth Work sector

but would like to gain a recognised qualification for their own progression and understanding and/or may be required to undertake a qualification in Youth Work Practice as a condition of employment whilst on the job.
