Who is this qualification for?

This qualification is designed for those learners who are 18+ and who should have completed a recognised Level 2 math and English qualification. Learners must be proficient in tailoring, garment making and cutting skills equivalent to a Level 3. Many learners may have already achieved qualifications within the tailoring or cutting pathways of the Advanced Apprenticeship. Where learners have not achieved a Level 3 qualification, centres must be sure that learners have sufficient skills and previous knowledge within tailoring and cutting to successfully work towards the Level 5 qualification. The achievement of the qualification can be used to show coverage of the Bespoke Tailoring Trailblazer Apprenticeship Standards and/or support the attainment of high level bespoke tailoring and cutting skills through mainstream FE/HE delivery.

Skills and Education Group Awards expects approved centres to recruit with integrity on the basis of a learner's ability to contribute to and successfully complete all the requirements of a unit(s) or the full qualification.
