

Declaration: MOT Qualifications Minimum Course Durations

The following table outlines the minimum face-to-face learning durations for MOT qualifications. This learning must be completed face-to-face and cannot be substituted with online or remote learning.

Qualification	Minimum Course Duration
Level 2 Award in MOT Testing (Classes 1 and 2)	24 hours (including a minimum of 8 hours practical training)
Level 2 Award in MOT Testing (Classes 4 and 7)	29 hours (including a minimum of 8 hours practical training)
Level 3 Award in MOT Test Centre Management	16 hours

Centres are required to ensure that the above learning is completed in full, before formal assessment is undertaken. Where a course is divided into 'classroom' training and 'practical' training, it is allowable for the online assessment to be completed once all the classroom training hours are completed, even if not all of the practical teaching has yet been delivered. However both the practical and classroom teaching time must be completed in full before a learner may undertake their practical assessment.

Where Centres fail to adhere to these minimum course durations, Skills and Education Group Awards may take action including refusal to certificate and removal of qualification approval.

By returning this form, I confirm that I understand the above minimum course duration requirements and confirm that the Centre named below will adhere to these requirements. I also confirm that I have sufficient authority to make this declaration on behalf of the named Centre.
