Introduction

The Skills and Education Group Awards Level 2 Award in Modern Foreign Languages has been developed to replace the previous Languages qualifications. This redevelopment has been led by educational organisations delivering the courses and subject experts with vast experience in the field.

This suite of Skills and Education Group Awards language qualifications provide valuable opportunities for individuals to develop skills and gain underpinning knowledge and understanding in the four main areas of speaking, listening, reading and writing and is linked to the Common European Framework.

These qualifications enable learners to gain crucial language skills for work or social purposes. They allow learners to expand cultural knowledge, participate in multilingual communities and improve communication skills when travelling abroad for business and/or pleasure.

Pre-requisites

There are no formal entry requirements for the Level 2 qualification of this suite.

Learners may find it advisable to have some prior knowledge and understanding from our Skills and Education Group Awards Level 1 Award in the relevant language (Reading & Writing and/or Speaking & Listening) or an equivalent Level 1 language qualification.

Skills and Education Group Awards expects approved centres to recruit with integrity on the basis of a trainee's ability to contribute to and successfully complete all the requirements of a unit(s) or the full qualification.

Qualification Structure and Rules of Combination

Learners must complete the required units from the diagram below which can be tailored to the French language.

Choose all three units below to acquire the Speaking and Listening qualification:

Choose all three units to acquire the Reading and Writing qualification:

Rules of Combination:

Speaking and Listening: Learners must achieve a minimum of 6 credits from the mandatory units.

Reading and Writing: Learners must achieve a minimum of 6 credits from the mandatory units.

Aim

The aim of these qualifications is to develop learners' ability to communicate clearly and effectively in a range of everyday and work-related contexts through reading, writing, speaking, and listening. At this level, learners build greater independence in understanding texts, presenting ideas with clarity, and engaging in discussions. These qualifications support progression by strengthening practical language skills required for further study, training, and employment.

The aim of these qualifications is to enable learners to communicate effectively, confidently, and independently across a range of contexts through reading, writing, speaking, and listening. At this level, learners develop the ability to understand and analyse more complex texts, present ideas clearly and accurately, and adapt their communication to suit different audiences and purposes. These qualifications support progression to further study and skilled employment by strengthening advanced practical language skills and critical thinking.

Target Group

This qualification is appropriate for use in the following age ranges:

- > Pre-16
- > 16-18
- > 19+

Assessment

Internal assessment, internal and external moderation. Specific requirements and restrictions may apply to individual units within qualifications. Units within these qualifications must be assessed in line with the appropriate assessment strategy as stated in each unit. Please check unit and qualification details for specific information.

Centres must take all reasonable steps to avoid any part of the assessment of a learner (including any internal quality assurance and invigilation) being undertaken by any person who has a personal interest in the result of the assessment.

Resources

Skills and Education Group Awards provides the following additional resources for this qualification:

- > Purpose Statement
- > Learner Unit Achievement Checklist
- > Indicative Content
- > Guidance Notes – Practical Languages
- > Audio Visual Record Form
- > Declaration of Authority Form
- > External Moderation Submission Checklist for Tutors

- > Practical Languages Witness Statement
- > Exemplar Tasks
- > Tutor Tracking Document – Practical Languages

Practice Assessment Material

Skills and Education Group Awards confirm that there is no practice assessment material for this qualification.

Teaching Strategies and Learning Activities

Centres should adopt a delivery approach which supports the development of all individuals. The aims and aspirations of all the learners, including those with identified special needs or learning difficulties/disabilities, should be considered and appropriate support mechanisms put in place.

Progression Opportunities

The SEG Awards Level 2 Spanish Language qualifications enable learners to progress to the SEG Awards Level 3 Spanish Language qualifications. Alternatively, learners could progress onto the SEG Awards French, Italian, German or Japanese qualifications.

Centres should be aware that Reasonable Adjustments, which may be permitted for assessment, may in some instances limit a learner's progression into the sector. Centres must, therefore, inform learners of any limits their learning difficulty may impose on future progression.

Tutor / Assessor Requirements

Skills and Education Group Awards require those involved in the teaching and assessment process to be suitably experienced and / or qualified. Assessors should also be trained and qualified to assess or be working towards appropriate qualifications.

Those responsible for Internal Quality Assurance (IQA) must be knowledgeable of the subject/occupational area to a suitable level to carry out accurate quality assurance practices and processes.

Reasonable Adjustments

Centres should be aware that Reasonable Adjustments which may be permitted for assessment, may in some instances, limit a learner's progression into the sector. Centres must therefore inform learners of any limits their learning difficulty may impose on future progression, if applicable.

The following points have been taken from Ofqual's '*Specifications in relation to the reasonable adjustment of general qualifications*' (2017) to help clarify the reasonable adjustments for our modern foreign languages qualifications.

Reading:

Where an assessment seeks to test a learner's reading ability, a human reader must not be used as a reasonable adjustment.

Example:

In a modern foreign language assessment, designed to assess a student's reading skills in the language being assessed, a human reader should not be used. This is because the human reader could help the student to understand the text, even if the student could not read it themselves, for example through intonation or facial expressions. The human reader could help the student to understand the content or the mood of the text. This could prevent the awarding organisation from being able to assess the student's reading ability. In this instance, alternative reasonable adjustments such as an electronic reader could be used instead, as this would not provide the additional meaning that a human reader might.

Writing:

Where an assessment seeks to test a learner's written communication skills, a human scribe, speech recognition system or other writing aid must not be used as a reasonable adjustment.

Knowledge and Understanding of a Language:

Where an assessment seeks to test a learner's knowledge of, skills in, or understanding of a particular language, the use of an alternative language – such as British Sign Language – must not be used as a reasonable adjustment where such use would prevent the learner demonstrating the required knowledge, skills or understanding.

Example 1

In a modern foreign language assessment, students must not give their answers in BSL, where the assessment requires the answers to be given in the foreign language being assessed. In addition, where questions or stimulus materials are written in the foreign language being assessed, these must not be translated into BSL.

Example 2

SSE may be permitted as a reasonable adjustment for a student to demonstrate their communication skills. This is because the student would still be communicating in English and not an alternative language, so the knowledge, skills and understanding being demonstrated are not being changed.

Access to Text and Other Materials:

Materials and other resources that are not normally made available to learners during an assessment must not be provided as a reasonable adjustment where that provision would compromise the ability of the awarding organisation to make judgements on the learner's knowledge, skills and understanding being assessed.

Recognition of Prior Learning (RPL), Exemptions, Credit Transfers and Equivalencies

Skills and Education Group Awards policy enables learners to avoid duplication of learning and assessment in a number of ways:

- > **Recognition of Prior Learning (RPL)** – a method of assessment that considers whether a learner can demonstrate that they can meet the assessment requirements for a unit through knowledge, understanding or skills they already possess and do not need to develop through a course of learning.
- > **Exemption** - Exemption applies to any certificated achievement which is deemed to be of equivalent value to a unit within Skills and Education Group Awards qualification but which does not necessarily share the exact learning outcomes and assessment criteria. It is the assessor's responsibility, in conjunction with the Internal Moderator, to map this previous achievement against the assessment requirements of the Skills and Education Group Awards qualification to be achieved in order to determine its equivalence.
 - > Any queries about the relevance of any certificated evidence should be referred in the first instance to your centre's internal moderator and then to Skills and Education Group Awards.
 - > It is important to note that there may be restrictions upon a learner's ability to claim exemption or credit transfer which will be dependent upon the currency of the unit/qualification and a learner's existing levels of skill or knowledge.
 - > Where past certification only provides evidence that could be considered for exemption of part of a unit, learners must be able to offer additional evidence of previous or recent learning to supplement their evidence of achievement.
- > **Credit Transfer** – Skills and Education Group Awards may attach credit to a qualification, a unit or a component. Credit transfer is the process of using certificated credits achieved in one qualification and transferring that achievement as a valid contribution to the award of another qualification. Units/Components transferred must share the same learning outcomes and assessment criteria along with the same unit number. Assessors must ensure that they review and verify the evidence through sight of:
 - > Original certificates OR
 - > Copies of certificates that have been signed and dated by the internal moderator confirming the photocopy is a real copy and make these available for scrutiny by the External Moderator.
- > **Equivalencies** – opportunities to count credits from the unit(s) from other qualifications or from unit(s) submitted by other recognised organisations towards the place of mandatory or optional unit(s) specified in the rule of combination. The unit must have the same credit value or greater than the unit(s) in question and be at the same level or higher.

Skills and Education Group Awards encourages its centres to recognise the previous achievements of learners through Recognition of Prior Learning (RPL), Exemption, Credit Transfer and Equivalencies. Prior achievements may have resulted from past or present employment, previous study or voluntary activities. Centres should provide advice and guidance to the learner on what is appropriate evidence and present that evidence to the external moderator in the usual way.

Further guidance can be found in 'Delivering and Assessing Skills and Education Group Awards Qualifications' which can be downloaded from skillsandeducationgroupawards.co.uk/for-centres

Certification

Learners will be certificated for all units and qualifications that are achieved and claimed.

Skills and Education Group Awards' policies and procedures are available on the website.

Exemptions

This qualification contains no exemptions. For further details see Recognition of Prior Learning (RPL), Exemptions, Credit Transfers and Equivalencies.

Glossary of Terms

GL (Guided Learning)

GL is where the learner participates in education or training under the immediate guidance or supervision of a tutor (or other appropriate provider of education or training). It may be helpful to think – ‘Would I need to plan for a member of staff to be present to give guidance or supervision?’

GL is calculated at qualification level and not unit/component level.

Examples of Guided Learning include:

- > Face-to-face meeting with a tutor
- > Telephone conversation with a tutor
- > Instant messaging with a tutor
- > Taking part in a live webinar
- > Classroom-based instruction
- > Supervised work
- > Taking part in a supervised or invigilated formative assessment
- > The learner is being observed as part of a formative assessment.

TQT (Total Qualification Time)

The number of notional hours which represents an estimate of the total amount of time that could reasonably be expected to be required, in order for a learner to achieve and demonstrate the achievement of the level of attainment necessary for the award of a qualification.’ The size of a qualification is determined by the TQT.

TQT is made up of the Guided Learning (GL) plus all other time taken in preparation, study or any other form of participation in education or training but not under the direct supervision of a lecturer, supervisor or tutor.

TQT is calculated at qualification level and not unit/component level.

Examples of unsupervised activities that could contribute to TQT include:

- > Researching a topic and writing a report
- > Watching an instructional online video at home/e-learning
- > Watching a recorded webinar
- > Compiling a portfolio in preparation for assessment
- > Completing an unsupervised practical activity or work
- > Rehearsing a presentation away from the classroom
- > Practising skills unsupervised
- > Requesting guidance via email – will not guarantee an immediate response.
