It will provide a basic awareness of how to recognise the signs of people being drawn into terrorism.

This bite sized qualification is a means for individuals to develop additional basic skills in order to aid progression into the workplace.

This qualification has been designed with a flexible approach allowing it to be delivered through our online platform or in a classroom setting.

## **Assessment**

This qualification has been developed to be delivered in a variety of settings. Approved centres will be able to choose from one of three options:

- 1. Centre devised assessment. Centres will be able to devise their own learning materials and assessments mapped to the learning outcomes and assessment criteria which will be moderated in line with the Skills and Education Group Awards policies.
- 2. Via eLearning platform. Access to the platform is included in the registration fees and provides the eLearning and assessment in one place which can be accessed on a laptop, tablet or phone. The assessment takes the form of

questions and activities throughout the learning which is mapped to the learning outcomes and assessment criteria. Learners mayl be sampled by Skills and Education Group Awards to further ensure quality assurance.

3. Using our exemplar workbook. This workbook is available on the Online Registration System, and can be downloaded or printed for learners to complete. These workbooks meet all learning outcomes and assessment criteria and are internally assessed and externally moderated. Moderation will take place in accordance with Skills and Education Group Awards policies.

In order to successfully achieve this qualification a learner must fully meet all of the learning outcomes and assessment criteria.

## **Practice Assessment Material**

Skills and Education Group Awards confirm that there is no practice assessment material for this qualification.

# **Teaching Strategies and Learning Activities**

Centres should adopt a delivery approach which supports the development of all individuals. The aims and aspirations of all the learners, including those with identified special needs or learning difficulties/disabilities, should be considered and appropriate support mechanisms put in place.

# **Progression Opportunities**

This qualification has been designed to support Study Programmes.

Learners who successfully complete the Level 1 Award may be able to continue in further education and training related to this area of expertise or progress into employment.

Centres should be aware that Reasonable Adjustments which may be permitted for assessment may in some instances limit a learner's progression into the sector. Centres must therefore inform learners of any limits their learning difficulty may impose on future progression, if applicable.

# Recognition of Prior Learning (RPL), Exemptions, Credit Transfers and Equvalencies

Skills and Education Group Awards policy enables learners to avoid duplication of learning and assessment in a number of ways:

- Recognition of Prior Learning (RPL) a method of assessment that
  considers whether a learner can demonstrate that they can meet
  the assessment requirements for a unit through knowledge,
  understanding or skills they already possess and do not need to
  develop through a course of learning.
- Exemption Exemption applies to any certificated achievement
  which is deemed to be of equivalent value to a unit within Skills and
  Education Group Awards qualification but which does not
  necessarily share the exact learning outcomes and assessment
  criteria. It is the assessor's responsibility, in conjunction with the
  Internal Moderator, to map this previous achievement against the
  assessment requirements of the Skills and Education Group Awards
  qualification to be achieved in order to determine its equivalence.
- Any queries about the relevance of any certificated evidence, should be referred in the first instance to your centre's internal moderator and then to Skills and Education Group Awards.
- > It is important to note that there may be restrictions upon a learner's ability to claim exemption or credit transfer which will be dependent upon the currency of the unit/qualification and a learner's existing levels of skill or knowledge.
- Where past certification only provides evidence that could be considered for exemption of part of a unit, learners must be able to offer additional evidence of previous or recent learning to supplement their evidence of achievement.
- Credit Transfer Skills and Education Group Awards may attach credit to a qualification, a unit or a component. Credit transfer is the process of using certificated credits achieved in one qualification and transferring that achievement as a valid contribution to the award of another qualification. Units/Components transferred must share the same learning outcomes and assessment criteria along with the same unit number. Assessors must ensure that they review and verify the evidence through sight of:
  - Original certificates OR
  - Copies of certificates that have been signed and dated by the internal moderator confirming the photocopy is a real copy and make these available for scrutiny by the External Moderator.

 Equivalencies – opportunities to count credits from the unit(s) from other qualifications or from unit(s) submitted by other recognised organisations towards the place of mandatory or optional unit(s) specified in the rule of combination. The unit must have the same credit value or greater than the unit(s) in question and be at the same level or higher.

Skills and Education Group Awards encourages its centres to recognise the previous achievements of learners through Recognition of Prior Learning (RPL), Exemption, Credit Transfer and Equivalencies. Prior achievements may have resulted from past or present employment, previous study or voluntary activities. Centres should provide advice and guidance to the learner on what is appropriate evidence and present that evidence to the external moderator in the usual way.

Further guidance can be found in 'Delivering and Assessing Qualifications' which can be downloaded from the Skills and Education Group Awards website.

## Certification

Learners will be certificated for all units and qualifications that are achieved and claimed.

Skills and Education Group Awards' policies and procedures are available on the web site.
