The SEG Awards Level 3 Diploma in Canine Care, Behaviour and Welfare has been designed to provide learners with the knowledge of caring for Canines to provide high welfare standards and knowledge of their behaviour.

Who is this qualification for?

The SEG Awards Level 3 Diploma in Canine Care, Behaviour and Welfare is designed for learners of the age of 16 and over, who are currently working with Canines and wishing to formalise their learning or for those Learners who are new to Canine care, behaviour and welfare.

There are no entry requirements for this qualification however, it is expected for Learners to have working knowledge of at least level 2.

What does the qualification cover?

The SEG Awards Level 3 Diploma in Canine Care, Behaviour and Welfare has been designed to provide learners with the knowledge required to begin a career in Canine care, or to provide a formal qualification to those already working in Canine care, behaviour or welfare.

The qualification covers:

- Canine Legislation - Learners will look at the Legislations involved in Canine care, including situations when these Legislations may be enforced.
- Canine Origins – Learners will be introduced to the concepts of ethology and Canine origin, looking at the relationship between breeds and their specific traits.
- How Canines Learn – Learners will examine the use of training methods to reinforce learning. Positive and negative methods are investigated, with Learners assessing the impact of both on the behaviour and welfare of Canines.
- Canine Behaviour – Learners will explore body language and behaviour signals seen in Canines. This includes the causes and signs of different undesirable behaviours and techniques used to modify behaviours.

Purpose Statement

Aggression will also be examined, including how to recognise the signs and situations leading up to aggressive behaviour.

- Caring for Canines – Learners will be introduced to the basics of Canine care including first aid, grooming for welfare and whelping. The social development of puppies will be examined along with the positive ownership of Canines.
- Casre of Canines in Settings – Learners will identify the needs of Canines when in kennels, home boarding facilities and day care including welfare needs, health needs and emotional needs. Learners will know the risks posed to people working with animals which is vital, and learners will be introduced to these risks and learn how to minimise them.
- Moving Canines Safely - Learners will observe Canines in different situations before, during and after handling and moving, to ensure the process is stress free and suited to the situation.

What could this qualification lead to?

Learners may progress on to employment within Canine settings.

Learners could also look to progress within various other regulated qualifications within the Animal Care sector that Skills and Education Group Awards offers, to expand on their knowledge and experience in animal care further.
