Introduction

The Entry Level Awards and Certificate in ESOL Skills for Life have been developed for learners from age pre-16 to adults living in the UK but for whom English is a second or additional language. Suitable for a range of learners including settled minority communities and refugees/asylum seekers, they are designed to provide learners with the knowledge and skills required to communicate effectively in everyday life.

These qualifications are mapped to the Adult ESOL Core Curriculum, the National Standards for Adult Literacy and the Essential Digital Skills Framework.

Pre-requisites

No formal entry requirements but Skills and Education Group Awards expects approved centres to recruit with integrity on the basis of a learner's ability to contribute to and successfully complete all the requirements of a unit or the full qualification.

Aims

These qualifications are intended to develop the English skills used in everyday life and/or education. They focus on improving reading, writing, speaking and listening skills to enable learners the opportunity of accessing Skills and Education Groups portfolio of Entry Level, Level 1 and Level 2 qualifications.

Target Group

These qualifications are designed for learners who are aged 14 and above. Skills and Education Group Awards expects approved centres to recruit with integrity on the basis of a learner's ability to contribute to and successfully complete all the requirements of a unit(s) or the full qualification.

Content Overview

The SEG Awards Entry Level Certificate in ESOL Skills for Life (Entry 1) is comprised of three units which are all standalone awards in their own right:

Skills for Life in Reading – This unit covers essential skills to help learners develop their reading abilities in English. Learners are taught to read simple sentences and phrases, recognising and understanding common words and phrases, and reading straightforward sentences. They learn to understand basic texts by identifying main points and details in short passages and following simple written instructions. The unit enables learners to recognise high-frequency words and familiar vocabulary, as well as use phonics to decode basic

words. Furthermore, learners are introduced to understanding common text types, such as reading labels, notices, short messages, and personal information forms, which are crucial for navigating everyday situations.

Skills for Life in Writing – This unit aims to develop learners’ ability to write short, simple texts that are practical and relevant to daily life, such as filling out forms, writing personal information, and composing basic sentences. It introduces learners to essential vocabulary and basic grammatical structures, enabling them to construct coherent and accurate sentences. Additionally, the unit focuses on practical writing tasks, such as writing messages, notes, and short descriptions, ensuring learners can effectively communicate personal information and simple ideas.

Skills for Life in Speaking and Listening – The unit focuses on developing fundamental listening and speaking abilities crucial for effective communication in English. Listening skills involve understanding and following basic instructions for everyday tasks, comprehending short, simple messages delivered in person or over the phone, and responding appropriately to straightforward questions and statements. For speaking, learners are encouraged to express their basic needs, preferences, and requests, while also engaging in short, informal conversations on familiar topics like personal information, family, and daily routines. Emphasis is placed on clear and understandable pronunciation, prioritising communication effectiveness over perfection.

Recognition of Prior Learning (RPL), Exemptions, Credit Transfers and Equivalencies

Skills and Education Group Awards policy enables learners to avoid duplication of learning and assessment in a number of ways:

- Recognition of Prior Learning (RPL) – a method of assessment that considers whether a learner can demonstrate that they can meet the assessment requirements for a unit through knowledge, understanding or skills they already possess and do not need to develop through a course of learning.
- Exemption - Exemption applies to any certificated achievement which is deemed to be of equivalent value to a unit within Skills and Education Group Awards qualification but which does not necessarily share the exact learning outcomes and assessment criteria. It is the assessor's responsibility, in conjunction with the Internal Moderator, to map this previous achievement against the assessment requirements of the Skills and Education Group Awards qualification to be achieved in order to determine its equivalence.
- Any queries about the relevance of any certificated evidence, should be referred in the first instance to your centre's internal moderator and then to Skills and Education Group Awards. It is important to note that there may be restrictions upon a learner's ability to claim exemption or credit transfer which will be dependent upon the currency of the unit/qualification and a learner's existing levels of skill or knowledge. Where past certification only provides evidence that could be considered for exemption of part of a unit, learners must be able to offer additional evidence of previous or recent learning to supplement their evidence of achievement.
- Credit Transfer – Skills and Education Group Awards may attach credit to a qualification, a unit or a component. Credit transfer is the process of using certificated credits achieved in one qualification and transferring that achievement as a valid contribution to the award of another qualification. Units/Components transferred must share the same learning outcomes and assessment criteria along with the same unit number. Assessors must ensure that they review and verify the evidence through sight of:
 - Original certificates OR
 - Copies of certificates that have been signed and dated by the internal moderator confirming the photocopy is a real copy and make these available for scrutiny by the External Moderator.
- Equivalencies – opportunities to count credits from the unit(s) from other qualifications or from unit(s) submitted by other recognised organisations towards the place of mandatory or optional unit(s) specified in the rule of combination. The unit must have the same credit value or greater than the unit(s) in question and be at the same level or higher.

Qualification Guidance

Skills and Education Group Awards encourages its centres to recognise the previous achievements of learners through Recognition of Prior Learning (RPL), Exemption, Credit Transfer and Equivalencies. Prior achievements may have resulted from past or present employment, previous study or voluntary activities. Centres should provide advice and guidance to the learner on what is appropriate evidence and present that evidence to the external moderator in the usual way.

Further guidance can be found in 'Delivering and Assessing Qualifications' which can be downloaded from the Skills and Education Group Awards website.

Certification

Learners will be certificated for all units and qualifications that are achieved and claimed.

Skills and Education Group Awards policies and procedures are available on the website.

Exemptions

This qualification contains no exemptions. For further details see Recognition of Prior Learning (RPL), Exemptions, Credit Transfers and Equivalencies.

Glossary of Terms

GL (Guided Learning)

GL is where the learner participates in education or training under the immediate guidance or supervision of a tutor (or other appropriate provider of education or training). It may be helpful to think – ‘Would I need to plan for a member of staff to be present to give guidance or supervision?’

GL is calculated at qualification level and not unit / component level.

Examples of Guided Learning include:

- Face-to-face meeting with a tutor
- Telephone conversation with a tutor
- Instant messaging with a tutor
- Taking part in a live webinar
- Classroom-based instruction
- Supervised work
- Taking part in a supervised or invigilated formative assessment
- The learner is being observed as part of a formative assessment

TQT (Total Qualification Time)

‘The number of notional hours which represents an estimate of the total amount of time that could reasonably be expected to be required, in order for a learner to achieve and demonstrate the achievement of the level of attainment necessary for the award of a qualification.’ The size of a qualification is determined by the TQT.

TQT is made up of the Guided Learning (GL) plus all other time taken in preparation, study or any other form of participation in education or training but not under the direct supervision of a lecturer, supervisor or tutor.

TQT is calculated at qualification level and not unit / component level.

Examples of unsupervised activities that could contribute to TQT include:

- Researching a topic and writing a report
- Watching an instructional online video at home/e-learning
- Watching a recorded webinar
- Compiling a portfolio in preparation for assessment
- Completing an unsupervised practical activity or work
- Rehearsing a presentation away from the classroom
- Practising skills unsupervised
- Requesting guidance via email – will not guarantee an immediate response
