If there are larger and/or smaller versions of this qualification at the same Level, why should a learner take this particular one?

The Level 2 Certificate in Fashion and Textiles is part of a larger suite of Fashion and Textiles qualifications: Level 2 Award/Certificate or Diploma in Fashion and Textiles.

The suite is designed to be flexible, allowing you to choose units that best fit your individual circumstances and level of achievement, whilst at the same time ensuring that essential areas of knowledge and skills for progression are covered. The different size qualifications add depth and breadth to the specialism being studied without duplicating the learning covered by each qualification.

The addition of a minimum of 2 units to the bite sized Award, to complete the Certificate, allows you to develop across a broader area depending on your specific needs and interests. Having qualifications of various sizes within the suite provides you opportunities to add further units at a later stage, as a progression route to another size (e.g. Level 2 Diploma in Fashion and Textiles) or level of qualification (e.g. Level 3 Certificate in Fashion and Textiles) for progression to other qualifications. The different size qualifications add depth

and breadth to the specialism being studied without duplicating the learning covered by each qualification.

The addition of extra units supports the transfer across specialist sectors within the fashion and textiles industries.

It is hoped that you will successfully complete this qualification and move forward with increased confidence into further training.
